

# STUDENT PHOTO CHALLENGE

*Canada's Education* magazine would like to support photography students by showcasing their art on the cover.

## **Any student may participate!**

We are looking for “education” or “learning” themed photos, everything from discovering science and nature to home reading and school testing. Be creative!

Email your high resolution photo along with a description of what was being learned (max 300 words) to [editorial@educationgroup.ca](mailto:editorial@educationgroup.ca) by the first Tuesday in June (Fall Issue), October (Winter Issue) or February (Spring/Summer Issue).

**Good Luck! Have Fun!**
